

4 December 2018

Dear EU Heads of State and Government,

Re. EU Multiannual Financial Framework 2021-2027

We are writing to you in advance of the European Council on 13-14 December in order to **outline our recommendations on EU external action in the next Multiannual Financial Framework (MFF)**, specifically on Heading VI (Neighbourhood and the World). We are civil society organisations active in the fields of sustainable development, human rights, democracy, peacebuilding, social and environmental justice and humanitarian aid. We are supported collectively by hundreds of member organisations in your countries and by hundreds of thousands of people across Europe and beyond.

The next **MFF must respond to the multiple challenges facing people and the planet**, deliver on the Paris Agreement and the Sustainable Development Goals (SDGs) and ensure that no one is left behind. The EU's contribution to addressing these global challenges, protecting and promoting human rights and democracy, and to fighting inequalities enjoys unprecedented support from EU citizens and needs to be further strengthened. Thus, **development co-operation, climate action, human rights and democracy, humanitarian assistance and peacebuilding must remain top priorities for Heading VI.**

Heading VI, as proposed by the Commission, aims for simplification in the next MFF, by merging 12 instruments into a new Neighbourhood, Development and International Cooperation Instrument (NDICI). While we are aware that there are still divergent views amongst Member States on the proposed NDICI Regulation, we urge you to agree on a timeline which would ensure that the **European Council conclusions on the next MFF can be adopted by May 2019** so that the EU's role as a leading global actor can be maintained after 2020.

Furthermore, in relation to Heading VI, we urge you to reconsider our following recommendations in your conclusions:

1. To **maintain the level of resources for Heading VI at no less than 10% of the overall MFF** and to ensure that the incorporation of the European Development Fund in the EU budget does not lead to a decrease of funding for the African, Caribbean and Pacific countries;
2. To reiterate the EU's long-standing commitment to contribute **0.7% of GNI to official development assistance (ODA)**;

3. To restate the commitment made in the February 2013 European Council conclusions on MFF 2014-2020 (EUCO 37/13) to spend **at least 90% of the external action heading as ODA** and to apply it to Heading VI.

Civil society is an integral partner to the EU in its efforts to fulfil its external action objectives. As such, we encourage you to be bold and visionary to ensure the EU and its Member States are collectively able to build a better world and to translate policy commitments into action.

We hope that you can take our recommendations on board in your discussions at the European Council and we look forward to engaging with you on these and other issues as the negotiations on the next MFF progress.

Yours sincerely,
