

Berlin, June 2017

The **Europe Beyond Coal** campaign secretariat is looking for an  
**Energy Analyst**

We are seeking a number cruncher to join our team in Berlin as an Energy Analyst. The successful candidate will contribute to a collaborative effort by an ambitious NGO network to phase out coal in Europe.

Required qualifications:

- At least 3 years of work experience, of which 2 years proven experience as data analyst;
- Experience with energy data analysis and a good knowledge of European energy markets;
- Good at synthesizing complex data for non-experts, summarizing key findings for different audiences;
- Experience with MS Access software, programming complex queries, SQL and dealing with large and complex datasets;
- Ability to comfortably manipulate data in MS Excel and using complex formulas, including familiarity with pivot, macros etc.;
- Fluent in English;
- Strong affinity with the goals and values of environmental campaigning.

Preferred/desirable qualifications:

- NGO work experience,
- Knowledge of utilities, climate and energy policies, industrial pollution policies.

Day-to-Day duties will include:

- European coal power station tracking;
  - Maintenance, updating, expansion of Access database;
  - Handling data with Excel;
- Analysis and synthesis of trends and findings on coal for internal and external audiences;
- Monitoring and analysis of energy market developments, deducing implications for NGO strategies.
- Working with passionate colleagues across Europe towards the same goal.

The position is full-time and preferably based in Berlin.

To apply, please send a letter of motivation and CV to [sarah@meteos.co.uk](mailto:sarah@meteos.co.uk)

**\*\*The letter of motivation should not be longer than one page\*\***

Closing date for applications: Monday 26 June. Interviews will be in July.

Expected start date: by 1 September 2017.
